

SHOREHAM SAILING CLUB

MEMBERSHIP INFORMATION

Shoreham sailing Club (SSC) is situated on the western bank of the River Adur with boats launched and recovered from our slipway into the harbour.

The club is primarily a racing club though persons not wishing to race are also welcome. We run a racing programme from March to November/December, weather permitting. Class and handicap racing is held either in the river/harbour, or more usually out to sea. There is Sunday morning racing throughout the season and Wednesday evening racing during the summer months. The club frequently hosts weekend open meetings for a variety of fleets.

There is cadet sailing/racing on selected Saturdays during the summer months with plans to develop this further in the future.

The club has a sizeable grassed boat park where members are able to store their boats all year round. The clubhouse offers changing rooms and showers. On race days the galley serving light lunches and snacks, a bar and a large function room are available. Additional social activities are organised throughout the year.

We encourage all our members to participate in the running of the club in a variety of roles depending on experience and training. This includes safety boat crew, race officer, work parties and assisting during open meeting weekends.

Membership forms can be found on this website www.shorehamsailing.org , obtained from our Membership Secretary on sscmemsec@hotmail.com or from visiting the club in person. The Club's Constitution & any additional conditions of entry and Bylaws should be read in conjunction with the application and can be located as above.

All applications will require two sponsors: a committee member and one other club member. Visiting the club on race days will enable you to look around, meet members and obtain sponsors. The best times to visit are Sunday 14.00-15.00 and Wednesday 20.00-21.00. All applications will be posted on the membership board for 14 days and will be taken to the following committee meeting for approval.

We look forward to hearing from you.
